

UCSC Physics BS Graduates

Academic Plans for Graduate Studies

- No plans to apply/pursue in the next 5 years
- Undecided
- Not applied, but intend to within the next 5 years
- Have applied, unknown acceptance
- Accepted, plan to defer
- Accepted and will start within the year

Physics Major

PBSci Division (excluding Physics Major)

The majority (78%) of Physics BS degree graduates had plans to pursue graduate education.

UCSC Physics BS Graduates

Types of Academic Degrees

Physics Major

PBSci Division (excluding Physics Major)

All graduates with a Physics BS plan to continue their education and obtain either a Masters degree or PhD.

UCSC Physics BS Graduates

Most Popular Field of Future Academic Study

Physics BS graduates were mostly interested in pursuing advanced degrees in two fields: Physical Sciences (71%) and Engineering (26%).

UCSC Physics BS Graduates Employment Plans

Physics Major

Over half (52%) of graduates with a BS degree in Physics reported being employed within 6 months of graduation.

PBSci Division (excluding Physics Major)

UCSC Physics BS Graduates Employed vs Seeking Employment

Among those who are not going to graduate school after graduation....

Physics Major

PBSi Division (excluding Physics Major)

More graduates with a BS degree in Physics were employed than seeking employment 6 months after graduation.

UCSC Physics BS Graduates

Sectors where students were employed

Physics Major

PBSci Division (excluding Physics Major)

Of those employed, one-third (33%) of BS Physics graduates reported working in the Industry/Manufacturing sector within 6 months of graduation.

UCSC Physics BS Graduates

Employers & Job Titles

Infineon AG
Stanford
Oxford Instruments
NASA
Intertek
UCSC
USC
InVisage Technologies
Sound Principals
Mango Health
U.S. Geological Survey

Program coordinator
QA Engineer
Supply chain specialist
Systems engineer
Tutor
Engineering technician
Audio engineer
Research assistant

UCSC Physics BS Graduates Median Annual Salary

Fifty percent of graduates with a BS degree in Physics reported earning \$33,176 annually or higher within 6 months of graduation.

UCSC Physics BS Graduates

Geographic Destinations

Physics Major

The majority (77%) of Physics BS graduates reported that they plan to work in the Santa Cruz or San Francisco Bay Area.

PBSi Division (excluding Physics Major)

UCSC Physics BS Graduates

When did they start looking for a job? (employed & seeking employment)

Half of Physics BS graduates began looking for a job at least 3 months before graduation.

Start the search early! Of those graduates who were employed full-time, 80% started searching for a job more than 6 months before graduation.

UCSC Physics BS Graduates

How many job offers did they receive?

Physics Major

PBSci Division (excluding Physics Major)

Of those employed, 18% of graduates with a BS degree in Physics received multiple job offers.

UCSC Physics BS Graduates Internships

44% of graduates reported that they found their internship by networking with UCSC contacts.

- SlugQuest
- On-campus interviews
- Networking through UCSC contacts
- Networking through personal contacts
- Direct contact
- Previous employer/internship
- UCSC Career Center Fair
- Other (non-UCSC) job site
- Other

Three out of four (77%) graduates with a Physics BS degree had 1 or more internships during their studies at UCSC.
