NOTICE OF IMPENDING DEVELOPMENT
09-1

A Notice of Impending Development (NOID) provides notice to the public and the California Coastal Commission of UC Santa Cruz' intention to undertake a development project at its Marine Science Campus. In order for a project to be implemented, it must be contemplated by and within the parameters of the Marine Science Campus Coastal Long Range Development Plan (CLRDP). The CLRDP is available at UCSC’s McHenry Library, the Santa Cruz Public Library and at: http://ppc.ucsc.edu/cp/projects/11407

The California Coastal Commission will review the project that is the subject of this NOID and determine if it is consistent with the CLRDP. The California Coastal Commission will provide advanced public notice of the date of the hearing.

Project Summary for NOID 09-1
The project is located in the area identified in the CLRDP as the Lower Terrace and is south of the Younger Building. The project includes allowed public access improvements, interpretive signage and landscaping in the area referred to as Overlook B in the CLRDP and would reutilize portions of the City of Santa Cruz Desalinization Pilot Project Improvements for an expanded Outdoor Research Yard on the site of the City’s existing pilot desalination temporary building. Project construction will start after Coastal Commission consistency review.

Supporting Information, which includes more details about this project is available at: http://ppc.ucsc.edu/cp/planning/docs A hard copy is available for review at UC Santa Cruz Office of Physical Planning and Construction, 1156 High Street, Barn G, Santa Cruz, CA 95064
